Virginia Tech
Office of Audit, Risk, and Compliance

Now Hiring
Staff or Senior IT Auditor

Applicants should express their interest at: www.jobs.vt.edu

Job#: 529325

Review of Applicants to begin on: May 3, 2024

About the Position:

A staff or senior IT auditor is responsible for contributing to operational, compliance, and financial audits with a focus on information technology-based reviews. Placement along the audit career path (staff/senior) will be established based on relevant experience and other factors. The auditor must be able to demonstrate professionalism and sound judgment, and function as a well-integrated team member. The incumbent must be able to apply both strong analytical skills and exercise professional discretion in formulating recommendations for improvement. Finally, the incumbent must possess knowledge of basic information system general controls and security concepts. See the full job posting for more details regarding the position and applicant requirements.

About the University:

Dedicated to its motto, Ut Prosim (That I May Serve), Virginia Tech is a comprehensive land-grant institution that enhances the quality of life in Virginia and throughout the world. Virginia Tech is an inclusive community dedicated to knowledge, discovery, and creativity. The university offers more than 280 majors to a diverse enrollment of more than 36,000 undergraduate, graduate, and professional students. The university has a significant presence across Virginia, including the Innovation Campus in Northern Virginia; the Health Sciences and Technology Campus in Roanoke; sites in Newport News and Richmond; and numerous Extension and research centers. A leading global research institution, Virginia Tech conducts more than $500 million in research annually.

About the Office of Audit, Risk, and Compliance (OARC):

Positioned as a proactive partner with university management, OARC combines its three distinct programs (Enterprise Risk Management, Institutional Compliance, and Internal Audit) to evaluate and assess institutional risk mitigation strategies, business processes, internal controls, and compliance mechanisms. Reporting functionally to the Board of Visitors and administratively to the President and Executive Vice President and Chief Operating Officer, OARC seeks to protect the university by independently and objectively identifying business risks and connects with key leaders and stakeholders to evaluate risk-mitigation strategies.
